Advanced Standing

Advanced standing may be granted to credentialed and/or licensed health care professionals enrolled in the Bachelor of Science degree in Health Sciences. The advanced standing pathway is designed to validate and award credit for existing knowledge while remaining consistent with the individuals' current scope-of-practice. Upon completion of AHSC 440, 442, and 450, credentialed and/or licensed health care professionals who have completed an accredited program recognized by a national or state health professions regulatory body, the Commission on Accreditation of Allied Health Education Programs (CAAHEP), or an AMA approved Joint Review Committee for Allied Health Education Accreditation may be awarded up to **30** semester credits.
